Hi, I'm Sandra (Sandi) Marcus. I would like to introduce myself in this "restart" of The Main Sheet newsletter of which I am the new Editor.

I was born in the Bronx (NY), raised in New Hyde Park (LI) and went to The State University of Stony Brook (further east on LI) where I met Ed my freshman year. We had our two children on LI but moved to the Chicago northwest suburbs (Schaumburg) when Ed was transferred by SABENA Belgian World Airlines to open O'Hare for them. I worked for Franklin National Bank on LI

Committee Chairs

- Communications- Sandi Marcus
- Finance - Mary Longtin
- Maintenance - Darrel Vorderstrasse
- Membership- Vacant
- Sailing Academy - Tammy Rones
- Social - Nancy- Chris Brown

Please reply to this email if you have any ideas for articles you might like to see in this newsletter. I know our members have done some extensive traveling. I, for one, would love to hear their stories.

for 7 1/2 years which became European-American Bank. In Illinois, once the kids were in school full time, I was a substitute teacher – 14 years in elementary and another 14 in high school. Here in LWV I play Mah Jongg and Bunco, enjoy walking for exercise and keep hoping to find more time to read.

We have two children. Brina will be 42 this month. She used to live in Nevada and was GM of the zipline in Boulder City, but recently moved to Orlando with her fiancé to be VP of his company, High Energy Sports. They make specialized parachutes and design and manufacture harnesses for amusement parks. Our son, Collin, is 43. He and Beth are responsible for our being in SoCal. They produced our two beautiful, red-headed granddaughters, Addison, almost 12, who is working toward her 2<sup>nd</sup> degree black belt in Tae Kwon Do, and Genevieve 7 1/2, who is on a competition gymnastics team. Collin is in “wealth management” and currently works for Saybrus Partners. Before this it was Lincoln Financial, Zurich-American and The Hartford. He deals with brokers providing info on various types of insurance. (I know it’s more complicated than that, but the rest makes my brain explode.)

Ed mainly wants to sail and learn to be a skipper. We love walking by the beach and trying new restaurants. As part of that, I’m taking over as President of the Foodies Club in March. Of course, the main reason we’re here is to enjoy time with the family.

I look forward to meeting you all. Please say “hi” and introduce yourselves when we connect at LWYC functions. Perhaps you’ll share something interesting about yourselves and your adventures right here in The Main Sheet.

### **Mini Happy Hour to Restart!!!**

Early in the pandemic, the LWYC introduced the concept of the Mini Happy Hour (MHH) – member hosted, small groups, BYOE, with appropriate covid precautions. Feedback from these events has been excellent, with many members commenting on how much fun it was to meet with other members in a comfortable more personal social environment. New members have found these events to be very helpful for meeting other club members. The MHH program continued through early December of 2021.

After “going dark” in January and February, we will be restarting the MHH program in March. We currently have 7 volunteers to host MHHs in the March and April time frame and could use a few more volunteer hosts for those two months. Soon, we’ll begin recruiting volunteers to host events for May and June. If you have already hosted an MHH, please consider hosting another. If you have enjoyed attending an MHH event, why not host one of your own? If you have even thought about it, just do it! You will be glad you did. The weather is getting warmer, and the restrictions are getting looser. Each host sets the parameters for their own event such as number of attendees (6-12), vaccination, food and beverage (BYOB+), venue, etc.

To begin the process of scheduling your MHH event click [here](#) to send us an email saying, “I want to host a Mini Happy Hour,” and the LWYC Social Committee will help you through this easy process.

**A woman was nearing the end of her tether – every night her husband was snoring so loudly that it kept her awake.**

**She decided to call the family doctor to see if there was anything that could be done to relieve her nightly suffering.**

**“Well, there is one operation I can perform that will cure your husband of his snoring,” said the doctor, “but I must warn you that it is rather expensive. It will cost you a deposit of \$15,000, and payments of \$1,000 for 48 months, as well as money for extras.”**

**“Good grief!” exclaimed the woman. “That sounds like I’m buying a yacht!”**

**“Hmm,” the doctor murmured, “too obvious, huh?”**
